Attachments: Drug Chemist - Predicate Questions2.doc

John-

I've reviewed your list of questions and written a few notes in red in the document. Also, I told you I'd think about whether I should be on call or in Pittsfield early. How about this: I'll plan on being in Pittsfield by 9ish unless I hear otherwise from you that the case is going to definitely plea or something. If you have questions about what I've remarked on, please do not hesitate to call or email me about them. Likewise, if you wanted me in Pittsfield a little earlier than 9 to discuss anything, just let me know. I will be checking my work email over the weekend, so I will get back to you.

Sonja,

When you have an opportunity, let me know what you think of the attached predicate questions.

Thanks,
John
